

MEGAPOL

DISPERSION PAINT FOR INTERIOR WALLS.

A reliable solution for the protection and decoration of interior wall surfaces in residential and public buildings.

Megapol provides good coverage, is easy to apply, and ensures an attractive matt finish on walls.

WHY CHOOSE MEGAPOL?

- Provides good substrate coverage and a high-quality final appearance.
- A vapour-permeable paint that allows walls to “breathe”.
- Resistant to dry wiping
- Deep matt finish for a pleasant and modern interior look.
- Can be tinted in pastel shades according to the Chromomix colour chart.
